ACADEMIC OBJECTIVE

A highly motivated 19-year-old student seeking to pursue undergraduate studies in **Cybersecurity**. Possessing strong foundational skills in programming and web development, along with **B1 English proficiency**. Eager to develop advanced technical and security expertise, contribute to innovative solutions, and build a successful academic and professional career in the field of **Information Security**.

EDUCATION

High School Diploma (Scientific Track)

Graduated 2025

Final Grade: 78.13% | Ministry of Education, Yemen

- Core Focus: Advanced Mathematics, Physics, and Computer Science.
- Demonstrated exceptional self-discipline by mastering web architecture and cybersecurity principles alongside the official national curriculum.

TECHNICAL PROJECTS & RESEARCH

Dynamic Task Management System

JavaScript, HTML5, CSS3

- Engineered a functional CRUD application utilizing advanced **DOM manipulation** for real-time data handling.
- Applied secure frontend validation protocols, demonstrating a foundational commitment to **Information Security**.
- Improved user workflow efficiency through intuitive UI/UX design and logical data organization.

Professional Development Portfolio

Tailwind CSS, Git/GitHub

- Architected a mobile-responsive platform, achieving a **100/100 performance score** on industry-standard audits (Lighthouse).
- Managed documentation and source code via **Git**, ensuring professional version control and collaboration standards.
- Optimized asset delivery to reduce page load time by 30%, enhancing accessibility and user experience.

SKILLS & LANGUAGES

Technical Skills: HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Bootstrap, Git, GitHub.

Security & Backend: Cybersecurity Foundations, Node.js, CRUD Operations, RESTful APIs.

Languages: Arabic (Native), **English (B1 Level - Intermediate)**.

Soft Skills: Analytical Problem Solving, **Adaptability & Cultural Awareness**, Independent Academic Research, Time Management.
